

JOUBINI E-Invoicing

The way to fully digital invoicing & invoice processing

Standardized and mandatory e-invoicing

Businesses face complex challenges when processing invoices, whether they are incoming or outgoing: A lack of transparency, high error rates, manual efforts as well as potential default interest, just to name a few. Companies struggle with various standards and transmission channels, as well as with mandatory e-invoicing with public clients or suppliers.

Easy, quick, and efficient

With JOUBINI E-Invoice, we offer a powerful and full-service solution for holistic, digital invoice processing that covers e-invoicing standards and transmission channels for over 25 countries in one central platform. From procurement to sales and order to cash, no matter the business area, JOUBINI digitizes invoice processes with your business partners and authorities. The solution streamlines incoming and outgoing processes as well as the respective formats, standards, and channels.

100%

service solution,
completely in the cloud

Let manual processing of invoices be a thing of the past

With JOUBINI E-Invoice, you have one central platform that covers standards for already over 25 countries in the full service and with more countries to come. The solution can be integrated directly into SAP and requires no additional cockpit.

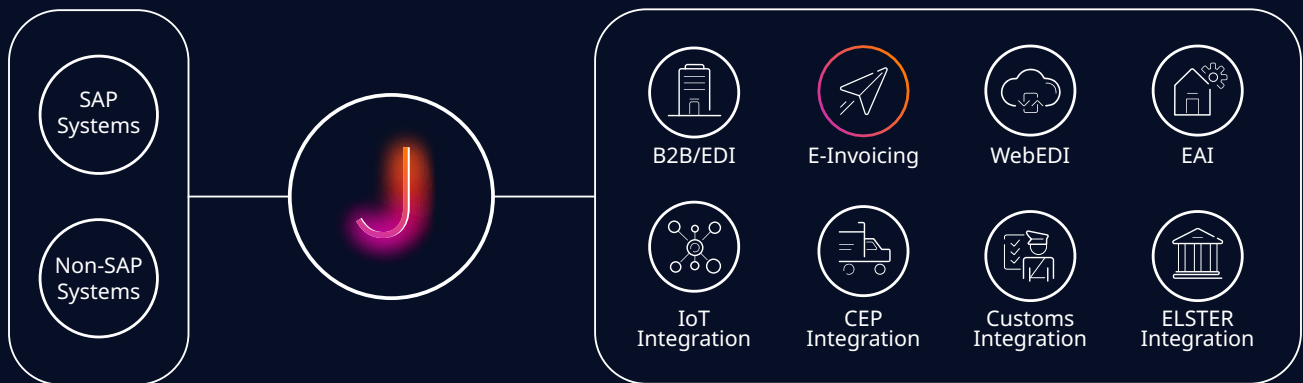

- All e-invoicing standards such as ZUGFeRD, XRechnung, XML, Peppol BIS, etc.
- E-Invoicing transmission via PEPPOL, email, and many more
- Web-based business monitoring
- Digital processing of all documents leads to increased efficiency and transparency

- E-Invoicing for over 25 countries already, with more to come.
- Processing an outgoing invoice – starting with an SAP interface – enables the standardized transmission of the invoice in one of the formats required for the respective country.
- According to the desired format, JOUBINI dispatches the invoice electronically (for example via ZUGFeRD, XRechnung, PEPPOL, XML, etc.)
- Electronic invoices are processed and converted directly by the solution.
